Data as at March 2024

(1) Ongoing Charges Figure (OCF) inclusive of AJ Bell AMC (AJ Bell takes a fixed fee of 0.15% across the MPS range) and ongoing charges of underlying investments.

The VT AJ Bell Funds take a fixed Fund OCF inclusive of fund running costs, ongoing charges of underlying investments and a variable AMC.

(2) Transaction costs represent the net costs incurred in buying and selling underlying investments. For the VT AJ Bell Fund range, these are the gross costs offset with any pricing mechanisms used by the fund to protect investors from the cost of transactions (such as swing pricing). In some instances this may result in a negative number
